

ŠKODA
SIMPLY CLEVER

THE NEW
ŠKODA KODIAQ

MAKE CURIOSITY A FAMILY TRAIT

Exploration begins at home. Or rather, the driveway. The robust and spacious ŠKODA KODIAQ is eager to turn every family drive into a curious exploration. The car makes its undomesticated ambitions quickly known, thanks to a striking design that's bolstered by protective details all around like the wheel arch covers and reinforced front and rear bumpers. Along with the stunning LED Matrix headlights, an array of assistance systems is on hand to keep you safe on every adventure. Things remain cosy inside thanks to the Ergo front seats. Larger families can opt for the seven-seater version, and the more adventurous ones can tackle any terrain with the optional 4x4 drive.

That's Simply Clever. That's ŠKODA.

EXTERIOR DESIGN

DRESS UP ANY ROAD

As is typical for ŠKODA SUVs, everything is perfectly balanced. Exterior elements form a harmonious whole, where robustness meets elegance.

SUNROOF

The electrically-adjustable panoramic sunroof, which allows you to create a large open space above the front seats, will enhance the attractive look of the car and provide more pleasure and a greater feeling of freedom for all passengers. If necessary, it can be covered with an electrically-adjustable blind.

FULL LED MATRIX HEADLIGHTS

The newly shaped KODIAQ headlights are available in two types in terms of functionality. Equipped with LED lights, both types offer high performance and high energy efficiency. The top-end option comes with full LED Matrix headlights, which represent state-of-the-art technology.

FULL LED REAR LIGHTS

The full LED rear lights impress with their stylish appearance and efficient performance. Fitted with animated turn indicators, they significantly improve the visibility of your car for other drivers. In addition, when you open and close the car, the welcome effect activates the animation feature.

INTERIOR DESIGN

EXPLORE FAMILY CONVERSATIONS

The car is designed to keep all members of your family relaxed and entertained. While the ambient lighting and other decorative elements add to the overall stylish feel of the interior, the Virtual Cockpit and ventilated Ergo front seats will enhance your driving confidence.

LED AMBIENT LIGHTING / SOUND SYSTEM

The ambient lighting allows you to choose one of the ten colour options for the dashboard, front and rear door lighting, or even the front and rear foot area illumination. The selected colour will also appear in the background of the Virtual Cockpit. The unique interior lighting can be accompanied by perfect sound. Enjoy absolute sound clarity on the Canton Sound System with twelve speakers, delivering a total power output of 625 watts.

VIRTUAL COCKPIT

The Virtual Cockpit displays onboard computer specifications in combination with other information such as navigation. You can choose from five layouts controlled via the View button on the steering wheel.

ERGO FRONT SEATS

Maximum comfort for the driver and front passenger is ensured by the optional electrically-adjustable Ergo front seats, which also feature, among other things, cushion depth adjustment and massage function.

DECORATIVE ELEMENTS

The decorative stitching, which can also be found on the dashboard, and chrome details, such as the air ventilation frames and Canton Sound System speaker frames, increase your feeling of comfort.

CONNECTIVITY

**SIMPLY
CLEVER**

REFLECTIVE VESTS

The vests can be located in the storage compartments in the front and rear doors, ensuring they are always within reach.

DRIVER'S STORAGE BOX

The driver can utilise a practical tilting storage compartment located directly below the steering wheel.

STORAGE COMPARTMENTS

Two spacious compartments with tilting lid are located in the dashboard by the front passenger seat. The lower one can be air conditioned.

**COMFORT
AND
SPACE**

COMFORT IS YOUR CO-DRIVER

The KODIAQ lets you turn a routine trip into an extraordinarily pleasant experience. Treat yourself to some luxury that will give you that special feeling as you set out for ordinary, everyday destinations.

KESY

With the new version of the KESY (Keyless Entry, Start and exit System), all doors can be used to unlock or lock the car.

FOLDABLE MIRRORS

The automatically foldable external side-view mirrors fold in when the car is locked. This protects the mirrors from damage, especially when parking in a confined space, and you also have a visual confirmation that you have locked your car. The driver's side mirror also features a dimming function that prevents glare from the car behind you.

WELCOME LOGO

The LEDs located on the underside of the front doors, projecting the ŠKODA inscription, illuminate the entry area.

PHONE BOX

The phone box, suitable also for large display devices, creates an amplified signal for your mobile phone and, at the same time, wirelessly charges your device while driving. Two USB-C data ports located above the phone box allow you to easily connect and pair your external devices with the infotainment system.

COMFORT IN THE BACK

On the rear part of the Jumbo Box, you will find, among other things, a USB-C port, enabling mobile phone charging, and a socket (230 V or 12 V).

JUMBO BOX

The spacious Jumbo Box storage compartment is housed in the front armrest. When the air conditioning is on, you can even cool your snacks here.

REAR ARMREST

When the middle rear seat is not occupied, the armrest with drink holders can be folded down.

FOLDABLE TABLES

The comfort of the passengers in the rear seats can also be increased thanks to the foldable tables, which are built into the backrests of both front seats.

SEVEN-SEATER INTERIOR

Up to seven people can travel in the KODIAQ version that has an optional third row of seats. This means that there are two extra seats available with a separate foldable backrest. When using the third row of seats, the luggage space cover needs to be removed. The double floor provides extra storage space for it, so you don't have to keep it in the garage or home. We haven't forgotten about the comfort of passengers on the third row of seats. They will appreciate the bottle and mobile phone holders in the luggage compartment side covers.

CAPACITY

The five-seater version offers 835 litres or 2,065 litres after folding down the rear seats (see photo). The seven-seater version also provides more options: from 270 litres when the car is fully occupied to 2,005 litres with the third and second rows of seats folded down.

DOUBLE FLOOR

The double floor provides easier luggage handling or a discreet storage place, with the bottom of the luggage compartment positioned at the loading edge level.

SAFETY

SAFE HAPPENS

In extreme situations, where the driver cannot actively influence the outcome, the car's passive safety elements take over – like the airbags. You can equip your car with up to nine of them.

FRONT DRIVER AND PASSENGER AIRBAGS

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard. If needed, this can be deactivated when a child seat is installed on the front seat.

LAURIN & KLEMENT

Laurin & Klement

WEAR THE FAMILY NAME WITH PRIDE

Sophistication isn't just a choice. It's a badge worn with pride each time you step inside the ŠKODA KODIAQ LAURIN & KLEMENT. Packed with our finest examples of craftsmanship, design and heritage, the car offers bespoke comfort and a well-mannered ride. Inspired by our uncompromising founding fathers, Laurin and Klement, this exclusive equipment version takes the legacy of our attention to detail and gives it a modern SUV twist.

STYLE AND FUNCTIONALITY

The Laurin & Klement version features specific exterior elements such as chrome front grille and decorative exhaust pipe end pieces in a chrome design. 19" or optional 20" anthracite alloy wheels emphasise the exterior's exclusivity. The light design of the car is of the highest level. The full LED Matrix headlights and LED rear lights with animated turn indicators come as standard.

OUR LEGACY, NOW YOURS

SPORTLINE

WORK FROM HOME, PLAY ANYWHERE

Your lifestyle may evolve, but sporty style is here to stay. The ŠKODA KODIAQ SPORTLINE makes a convincing case for it. With a dynamic character and do-it-all attitude, this car can turn any road into your playground.

STYLE AND FUNCTIONALITY

The exterior of the new KODIAQ SPORTLINE features stylish elements including front grille frame in glossy black, exterior side-view mirror caps and roof railings in black, SportLine badge on the front wings, black inscriptions (such as ŠKODA, the model name or 4x4), and decorative exhaust pipe end pieces in a chrome design. The car's charisma is emphasised by anthracite alloy wheels (19" as standard or 20" as an option).

A detailed view of the interior of a Skoda Kodiaq Sportline. The image shows the driver's side, including the steering wheel with the Sportline logo, the dashboard with a digital instrument cluster, and the center console. The interior is finished in black with red accents, including a red stripe on the door panel and red stitching on the seats. The text "SPORTY IS IN THE DETAILS" is overlaid on the left side of the image.

SPORTY IS IN THE DETAILS

Every detail of the new KODIAQ SPORTLINE reflects its energetic attitude. The interior is characterised by high-quality materials and exclusive features in a sporty style including the SportLine logo on the steering wheel.

UPHOLSTERY AND SEATS

The car always features front sports seats, which underline the dynamic interior design. The black perforated Suedia/leather/leatherette upholstery (shown) with silver stitching also comes as standard. The Suedia ceiling in black is optional. The perforated leather/leatherette upholstery (combined with ventilated electrically-adjustable front seats with built-in memory and cushion depth adjustment) is also optional.

SPORTS STEERING WHEEL

The pleasure of driving the car is enhanced by the multifunctional sports steering wheel in perforated leather with silver stitching.

**FRONT AND
REAR MUDFLAPS**

The front and rear mud flaps protect the lower areas of the vehicle body from dirt and damage caused by stones and debris striking them. Mud flaps are useful especially in winter, when the corrosive salt that is spread on the roads generally sticks to the mud flaps rather than to the vehicle body.

FOOTBOARDS

Made from stainless steel, this accessory is designed to stand out and make your life easier when loading various objects on the roof. It is also fitted with an anti-slip rubber liner to increase your safety.
