# MAKE A BOLD UNDERSTATEMENT

Elegance meets harmony in the SUPERB. The front, with its distinctive bumper, grille, and headlights, presents a dynamic, yet determined look. The fog lamps are also unmistakable. In addition to their utility functions, they play a key design role.

**STYLE AND FUNCTIONALITY**  
With the unmistakable ŠKODA inscription in the back, the new SUPERB proudly declares its roots. The composition of the elements on the 5th door is complemented by a chrome strip that comes exclusively in combination with full LED rear lights. The car's distinctive look can be further underlined with the Black package (available in combination with full LED Matrix headlights and full LED rear lights). It includes glossy black features such as the front grille, roof railings, window frames, exterior side-view mirror caps, and inscriptions on the 5th door.

#### **SIDE VIEW**

Perfectly balanced proportions give the car a graceful appeal. The SunSet tinted windows in the rear improve the exterior look as well as passenger comfort.

#### **SUNROOF**

Beyond its basic function, the electrically-adjustable sunroof represents an attractive design feature.

**LIGHT  
DESIGN**

# LIGHTS DON'T SHOW, THEY REVEAL

## REAR LIGHTS

The full LED rear lights are fitted with animated turn indicators, which not only reveal where the driver is about to turn, but also add dynamism to the car. The rear lights also feature C-shaped illumination, typical for the ŠKODA family, but updated with a modern twist.

Advanced technology is made beautiful in the light design of the SUPERB. The car comes with full LED Matrix headlights, which offer improved road lighting and a higher degree of safety.

## HEADLIGHTS AND FOG LAMPS

Using a windscreen camera, the full LED Matrix headlights of the SUPERB can detect a car in front of you or in oncoming traffic. Based on this, the high beam adjusts itself incrementally. This ensures you get the best view without blinding other drivers. The excellent functionality of the fog lamps is powered by LED technology.

#### COMFORT IN THE BACK

On the rear part of the Jumbo Box you will find a socket (230 V or 12 V) and two USB slots, enabling mobile phone charging. In the car equipped with 3-zone Climatronic air conditioning, you will also find the control for the rear seat zone here.

#### CANTON SOUND SYSTEM

Enjoy absolute sound clarity, whether it's music or the spoken word, on the Canton Sound System with twelve speakers, including a speaker in the dashboard and subwoofer in the luggage compartment.

## A SAFE BET

In extreme situations, where the driver cannot actively influence the outcome, the car's passive elements take over – like airbags. You can have your SUPERB equipped with up to nine of them.

#### FRONT DRIVER AND PASSENGER AIRBAG

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard. If needed, this can be deactivated when a child seat is installed on the front seat.

#### FRONT AND REAR SIDE AIRBAGS

These four airbags protect the pelvis and chest of the driver and other passengers in the event of a side collision.
